

CADTIS-Consultant Background

CADTIS-Consultant Co.,Ltd (CADTIS) is the collective "Cambodians' Action for Development" was established in 2004 as a result of our recognized supporting combined strength in non-political development aspects of Cambodia. For years our core and associated consultants have been working through and with various agencies in this field and this generated idea for a new approach of being employed. An approach which we believe: will improve the effectiveness of our personal involvement in the development of Cambodia; will give more satisfaction to the client; and which will increase our own satisfaction in doing the tasks for which we are hired. This approach has resulted in "CADTIS - Cambodians' Action for Development"

Our core and associated consultants all have multiple years of experience in their fields and in working with multiple organizations, government departments, projects, and the private sector. We try to ensure that this experience and our original education are upgraded and confirmed by continued education whenever possible between the assignments.

CADTIS-Consultants' Philosophy

CADTIS-Consultants formed, and with it adopted the "quality experience" of our consultants, which we believe to fulfill requirement of the clients. In order to achieve this, the firm is continuously updating/upgrading appropriate technologies, transfer of knowledge, skills and flexibility of changes in participatory approaches. Basically, the firm is contributing to poverty reduction through quality assurance mechanisms to mobilize all its resources.

Our Main Strategy

Is the development of strong linkage and networking with other expert institutes and individuals to augment our services in lines of efficiency and effectiveness. These networking and linkages enable us to extend a broader management approach and provide multiple solutions to problems that are our clients concern.

Scope of Services

CADTIS-Consultants are mutual reinforcing, and our services are designed to provide clients with a range of technical, planning, management, operational, capacity building, and research/study in the pursuit of development.

CADTIS-Consultants' dynamic undertaking of development project has been supported by its consultants and staff who possesses the high level of qualification and experience in their respective fields. It has 12 permanent staff members based in Phnom Penh city. Currently it has a pool of over 250 on-call domestic consultants in various fields all over the country and we also have a number of qualified international consultants, whom we associate with both as a firm and individual. We provide consultancy services to and as required by the clients as group and/ or individual contracts.

Funders

- Asian Development Bank
- World Bank
- EU
- Private Sector (China, Cambodia Investment)
